Product Specifications

DSS hand sinks are made, by using the state-of-art Deep-Drawing technology, with 1.20mm thick #304 stainless steel in satin finishing.

The entire sink body and the back panel are all welded with a rounded/coved corner artistically, smoothly and seamlessly into one complete sink unit for a much stronger and robust body. For maximum sanitation and hygiene purposes, there is no visible joints, gaps or openings between metal joints and connections.

150mm deep wash bowl in DSS hand sinks is designed with a high-volume water capacity to prevent water from splashing out easily as in the case of shallow wash bowl.

Wash bowl shapes are stylishly and artistically designed and engineered to heighten the appealing effect and elegance.

DSS hand sinks are designed and engineered with ROUND corners to prevent possible work injury from accidentally bumping onto the corner of the sinks.

Water temperature (hot & cold) can be adjusted as desired.

Wall-Mounted Hand Sinks:

Standard Hand Sinks:

- SS-1018/KA (knee-activated hand sink)
- SS-1018/KA/SD (knee-activated hand sink with a table-top-mounted manual soup dispenser)
- SS-1018/KA/ESD (knee-activated hand sink with a table-top-mounted electronic soup dispenser)

- SS-1018/EC (electronic-controlled hand sink)
- SS-1018/EC/SD (electronic-controlled hand sink with a table-top-mounted manual soup dispenser)
- SS-1018/EC/ESD (electronic-controlled hand sink with a table-top-mounted electronic soup dispenser)

Deluxe Hand Sinks:

- DS-1068/KA (knee-activated hand sink)
- DS-1068/KA/SD (knee-activated hand sink with a table-top-mounted manual soap dispenser)
- DS-1068/KA/ESD (knee-activated hand sink with a table-top-mounted electronic soap dispenser)

- DS-1068/EC (electronic-controlled hand sink)
- DS-1068/EC/SD (electronic-controlled hand sink with a table-top-mounted manual soap dispenser)
- DS-1068/EC/ESD (electronic-controlled hand sink with a table-top-mounted electronic soap dispenser)

Floor/Free Standing Hand Sinks:

SS-1688/FS/Complete (foot-pedaled floor/free standing hand sink with a soap dispenser, sanitizer dispenser, nail brush, paper towels dispenser, dust bin).

SS-2688/ES/Complete (electronic-controlled floor/free standing hand sink with a soap dispenser, sanitizer dispenser, nail brush, paper towels dispenser, dust bin).
